Aarhus University: BSc in Biology (2001–2005)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I have been teaching IB ESS for more than a decade, guiding students through the complexities of environmental systems and their societal impacts. Throughout my tutoring career, I've supported learners from diverse backgrounds, helping them achieve top marks in their IB and A-Level exams. Many of my students have gone on to pursue higher education at renowned universities worldwide.

In addition to IB ESS, I also tutor students in environmental science and biology for A-Levels and IGCSE. I enjoy working closely with students to help them grasp complex environmental concepts and develop strong analytical skills. My approach is to build a solid foundation of knowledge and ensure students are well-prepared for their assessments.
